

LET ME HOLD YOUR MEMORY

Verse 1:

I think of you
When the lights turn low
When the memories come
Just like a ghost
I remember your smile
How it lit up my life
When a love so wrong
Was a love so right

CHORUS:

Dance with me darling
Let me hold one more time
Stay right here next to me
If only in my mind
And I'll always love you
You know time won't take that from me
If I can't hold you darling
Let me hold your memory
Ya your memory

Verse 2:

Well, time's movin on
But I haven't yet
Cause you drew my scars
And tattooed my regrets
And I can't look at you
Cause I see what might have been
I see the flame of love
Now it's just ashes in the wind

CHORUS:

SO Dance with me darling
Let me hold one more time
Stay right here next to me

If only in my mind
And I'll always love you
You know time won't take that from me
If I can't hold you darling
Let me hold your memory
Ya your memory
Oh, let me hold
Your memory
Ya your memory
Ya your memory
