

What Happened to Campin'?

Key: G Major

[Intro]

(Fast-strummed acoustic guitar)

G C
Oh, what happened to campin', where'd the good times go?
G D
Strangers 'round the fire, singin' songs we know!

[Verse 1]

G C
Back when I was younger, in the pines we'd roam,
G D
Coleman lanterns glowin', made the woods our home.
G C
A deck of cards, an AM radio's twang,
G D
We'd laugh together, 'til the night birds sang.

[Chorus]

G C
What happened to campin', where'd the good times go?
G D
Strangers 'round the fire, singin' songs we know!
G C
Now it's mobile mansions, locked up tight by eight,
G D
Electric blankets hummin', Netflix on the slate.
G D G
What happened to campin'? Where's that campfire scene?

[Verse 2]

G C
Got up tonight, 'round twelve o'clock,
G D
The stars were callin', so I took a walk.
G C
The campground's quiet, not a soul in sight,
G D G
Missin' all the magic of the campfire light.

****[Chorus]****

G C
What happened to campin', where'd the good times go?
G D
Strangers 'round the fire, singin' songs we know!
G C
Now it's mobile mansions, locked up tight by eight,

G D G
What happened to campin'? Where's that campfire scene?

****[Bridge]****

Em C
Now hold up, I'm campin' with Starlink's high-tech beam,
G D
Pointin' fingers out, but I'm livin' the dream.
Em C
Got my cozy trailer, and a flat-screen too,
G D G
I'm part of what happened to the campin' I knew!

****[Chorus]****

G C
What happened to campin', where'd the good times go?
G D
Strangers 'round the fire, singin' songs we know!
G C
Now it's mobile mansions, locked up tight by eight,
G D
Electric blankets hummin', Netflix on the slate.

****[Chorus]****

G C
What happened to campin', where'd the good times go?
G D
Strangers 'round the fire, singin' songs we know!
